

Redefine the bottom line
in healthcare

Build the foundation necessary to successfully serve and lead in today's complex healthcare environment with an online Master of Healthcare Administration (MHA) from Concordia University, Nebraska. This program will prepare you to apply leadership strategy and ethical values to meet the needs of patients, families and your community.

Healthcare Administration Concentrations

Concordia's Master of Healthcare Administration offers students the opportunity to choose from four concentrations to complement their career interests and goals.

1. **Population Health**
2. **Leadership**
3. **Health Information Technology**
4. **Gerontology**

Improve the Health of Your Community

As a graduate, you will continue in your career with a comprehensive understanding of healthcare and business management concepts, including:

- **Financial Management**
- **Information Management**
- **Quality Improvement**
- **Healthcare Policy**
- **Law and Ethics**
- **Strategic Management**

Why Concordia's Online MHA Degree?

Rooted in Christian faith and service to the community, Concordia's MHA will strengthen your skills in both healthcare and business management, helping you to transform the delivery of healthcare and improve patient outcomes.

Servant Leadership: Learn to demonstrate Christian values and the capacity for service to meet the needs of your patients, staff and community.

Unique Concentrations: Complement your professional goals and interests by choosing from four practical concentrations including Population Health, Leadership, Health Information Technology and Gerontology.

Foundational Curriculum: Develop a broad knowledge of healthcare and business management concepts with a curriculum designed for both working professionals and those looking to enter the healthcare field.

HLA-Aligned: Learn skills based on the highest industry standards adapted from the Healthcare Leadership Alliance (HLA) model.

Applicable: Gain hands-on, real-world experience through practical coursework and an applied practicum.
